The general terms and conditions apply to all coverings through Hengstenhouderij van Nunen in 2025. The studfee is exclusive VAT. By registering the mare owner declares to have taken note of our breeding and payment conditions and agrees to these conditions.

### Insemination

Grimur is available through artificial insemination (AI).

### Covering period

01.05.2025 - 30.09.2025

### Delivery

- Mare will come to Hengstenhouderij van Nunen
- Semen will be send to the mare-owner in the Netherlands

### Bookingfee

The bookingfee is €300 excl VAT. The bookingfee is non-refundable and must be booked before the mare is brought or semen is ordered. When the mare is scanned pregnant the bookingfee will be withdrawn from the total studfee.

### Bacteriological test

We recommend a swab from the uterus. This test can be taken at home before arrival or at Hengstenhouderij van Nunen. If the mare is unclean on the swab it is possible to have her treated here.

### Upon arrival

- The mare is brought without shoes and with well-groomed hooves.
- The mare is vaccinated and the passport is delivered to Hengstenhouderij van Nunen.
- If the mare has eczema, bring the eczema blanket.
- The mare is healthy and recently dewormed.

### During stay

Mares are inseminated, scanned and treated at the expense and risk of the mare owner.

Hengstenhouderij van Nunen reserves the right to call a veterinarian at our discretion at the owner's expense.

Mares with aggressive behavior or are difficult to catch are moved to a separate paddock at the owner's expense.

Veterinarian is daily before 09:00AM at Hengstenhouderij van Nunen (shared VET-costs)

The mare-owner gives mandate for us to transports the horse if necessary.

### Pregnancy ultrasound

Mares must be scanned for pregnancy between 15 and 21 days after ovulation and results must be reported to Hengstenhouderij van Nunen immediately after. The remaining amount for the covering and other expenses will be invoiced when the mare is +15 days pregnant. Payment period of 14 days.

### Non-pregnancy

If the mare resorbs before the 45th day of pregnancy (from date of last insemination), van Nunen will issue a credit note of the 'by pregnancy' part of the studfee (bookingfee will not be refunded). Provided that a veterinary certificate of non-pregnancy is presented to van Nunen before the 45th day of pregnancy. If the certificate is not submitted in time, the issue of a credit note is not possible.

### Fresh semen

We work with fresh semen. If a stallion for a reason (illness/injury) not available is at short time during the breeding season, we offer you the use of another stallion. The bookingfee is also non-refundable in this case.

### Covering certificate

The covering certificate will not be issued or forwarded to the respective breeding association until the studfee and all others costs have been settled.

### Health

The mare owner guarantees that the mare/foal has not been in the vicinity of other horses with or symptoms of druse for the past 3 months

The mare owner guarantees that the mare/foal or any other horse which the mare/foal have been in contact with within the past 6 weeks, have not shown signs of infectious diseases.
